

Outsourced Services

ICSR is an advisory firm serving the insurance sector. We offer our services flexibly through advisory, co-sourcing and outsourcing models and have a Talent Pool of individuals experienced in Operations, Risk, Compliance, Governance & Company Secretarial, HR IT, Actuarial and other areas available to support our clients' needs.

We offer these services flexibly through advisory, co-sourcing and outsourcing models and have a Talent Pool of experienced individuals available to support our clients' needs. Due to client demand we have developed a capability to provide risk, compliance and company secretarial services on an outsourced basis for clients whose business model is such that it does not make sense to manage the day to day activities expected of such functions. While firms cannot abrogate their responsibilities, firms are able to outsource the day to day activities of these functions and we have the experience and expertise to provide that support.

Some of the typical activities covered by our outsourcing services are shown on the reverse of this document.

Please contact us if you would like to discuss your requirements in complete confidence.
